

## LENGTHY SESSION IN SIGHT

Legislature Convened This  
Morning at Ten  
O'clock

## CONFLICTING PROGRAMS

Governor Harmon Makes Number  
of Recommendations Which  
Republicans Will Support.

Columbus, O., Jan. 3.—The 78th general assembly of Ohio met at 10 o'clock this morning regularly in what will be one of the most novel sessions ever held, and in what promises to be a most interesting one. The first work of the legislature will be to practically re-enact every law on the Ohio statute books, it adopting the report of the state codifying commission. By pre-arrangement on bills will be introduced before January 24, unless they be emergency appropriation measures.

The assembly organized a year ago, and that organization will be allowed to stand.

The senate was called to order at 10 o'clock by Lieut. Gov. Treadway and the House at the same time by Speaker Franklin W. Moore. The usual formalities of roll call and prayer by the chaplain were followed by a short address by each presiding officer. Then a joint committee was sent to Gov. Harmon, notifying him that the Assembly was in session, and ready to receive any communication he may choose to make.

Governor Harmon's message was read in both houses immediately upon its receipt.

The address of Speaker Moore at the opening of the session was one of the most important ever delivered by a speaker, for the reason that it comes directly after the speaker's conference with President Taft in Washington.

Speaker Moore recommended a cut rate utilities commission and liberal appropriation for probing purposes to unearth any wrong doing of any kind in state offices. He reviewed the work of the last session and paid special attention to the report of the codifying commission.

After reading the Governor's message it was referred and will not be acted upon until the codifying commission report has been received and accepted. The House then adjourned until tomorrow at 1:30. The senate is in session this afternoon.

Regulation of corporations will be the Republican program. Taxation of corporations will be the Democratic program. Under the leadership of Speaker Moore the Republicans will endeavor to put through a bill establishing a public utilities commission, with broad regulatory powers over public service corporations, as the party's chief bid for a return of the confidence of the voters in the next campaign. The Democrats, under the lead of Governor Harmon, will urge tax reform, including making the corporations bear a more nearly fair share of the general tax burden.

These programs are distinct, but it does not follow that they will occasion a partisan clash. The Republicans are prepared to support the main recommendations of Governor Harmon will make in his message.

The Republicans also will have a general taxation program, which will include Governor Harmon's proposal for a state tax commission and also the proposal of the senate special taxation committee, to abolish the state tax levy and to find new sources for raising a limited amount of new revenue, and the proposal of the state board of commerce for a limitation of the local tax rate to 1 per cent as a means of causing higher and fuller tax valuations under the quadrennial reappraisalment.

Governor Harmon's tax commission will abolish all the numerous state taxing boards and the boards of county auditors, that value the physical property of railroads, and will give the state commission supervision of tax assessors with power of removal and limit the tax rate to 1 per cent.

Speaker Moore, who returned yesterday from Washington, said:

"The Republicans will propose sensible and sane legislation that is progressive and needed. I shall not oppose legislation merely because it is urged by Governor Harmon, or because the first suggestion of it comes from a Democratic member of the legislature. A public utilities bill will be introduced, probably several such bills, and other important legislation will be offered. These things hardly have reached the stage where they could be referred to as a legislative program. As to the proposal to regulate the conduct of the business of public service corporations by means of a state commission, members and others who have discussed it vary in their views from establishing a commission with mere bookkeeping supervision, to empowering the commission practically to grant franchises. Presumably something between these extremes will be done.

"Among the proposals is to give the commission power to determine the

amount of stock issues and to see that the proceeds of stock issues go to the betterment of the property so as to benefit the stockholders."

The plan of Governor Harmon for centralized control of state institutions and the plan of the state board of charities for pay patients in insane hospitals will work for economy, but the needs of the institutions in the way of new buildings and enlarged equipment will demand additional revenue.

The proposed tax commission, by providing better machinery for collecting taxes, should result in collecting a larger amount, and the reform of business has increased materially the sum produced by excise taxes on corporations. Accordingly the Republican leaders no longer see the necessity of raising an immense amount of additional revenue. But provision will be made for enough for maintenance of the state government. Probably one means will be by assessing an inheritance tax, with a generous exemption, so that it would not be a burden on small inheritances.

Perhaps the most radical action in contemplation is the wiping out of the last vestige of direct taxation of the citizens by the state. Republican house leaders generally favor the recommendation of the senate special taxation committee to abolish what remains of the state tax levy. The incentive to do this is to get rid of the decennial board of equalization, which otherwise would meet this year, and which for 100 years has been a prolific source of unfair taxation.

A record would be made for getting right down to general legislation were it not for the necessity of first disposing of the general codification of the statutes, the first which has been made for 30 years, and which will be presented today in the report of the state codifying commission. Lewis C. Lavin, James E. Campbell and Hiram L. Sibley.

As finally determined yesterday by the joint committee on rules, a joint resolution to be offered in the senate today will postpone until Jan. 24 the introduction of bills which the exception of bills from the finance committee and emergency bills which must have the approval of the joint committee on rules.

This will allow three weeks for consideration of the code by special committees. The machinery for its consideration will be provided in a joint house resolution to be offered today. The presiding officers of each house will appoint seven special code committees. The 14 chairmen of these committees will constitute the general code committee to prepare bills from the reports of the 14 committees.

These committees will be large enough to enable Lieutenant Governor Treadway and Speaker Moore to execute their plan of putting practically the entire membership of the legislature at work on the code. There will be work for everybody for the ensuing three weeks, so that the members will be held in Columbus and not loaf at home until the code is ready to be voted on.

## JUDGE LURTON

Invested With the Robe of Office as  
Associate Justice of the Supreme Court.

Washington, Jan. 3.—In a ceremony enshrouded by tradition and notable in its impressiveness, Horace H. Lurton of Tennessee, was today invested with the robe of office as an associate justice of the supreme court of the United States.

When Chief Justice Fuller announced that the newly appointed associate justice was ready to take the oath, the court and all spectators rose to their feet and Judge Lurton repeated the words as prescribed by the constitution after the chief justice.

After pronouncing the last phrase Judge Lurton kissed an open Bible held by the clerk.

The ceremony of the public oath having been concluded, Marshal Wright conducted the new justice to his chair on the bench—the furthestest on the left of the chief justice. The court then proceeded with the usual Monday business, the reading of opinions.

## TREASURER HUSTON INDICTED.

Washington, Jan. 3.—Former treasurer of the United States, James N. Huston, was indicted by the Federal grand jury this afternoon on the charge of conspiracy, and fraudulent use of the mails, resulting from his connection with the National Trust company. Together with Huston are indicted Samuel Graham, a wealth broker of Montreal, Canada, Everett Dufur of this city and Harvey M. Lewis, all connected with the same firm.

## STRIKERS

On Northwestern Railway Are Optimistic and Expect Favorable Turn of Affairs.

Minnesota, Jan. 3.—The striking switchmen of the northwest are today optimistic and expect a favorable turn of affairs during the week. The strike has been systematized, and every move from now on will be a methodical one.

The prolongation of the Chicago conference is regarded as favorable and the success of H. B. Perham in Washington will be determined in a few days.

The railroad still maintain they are a unit on the proposition of not taking the switchmen back in a body, and say they are moving freight without difficulty.

In Halmstad, Sweden, Pantas Halmstrom is about to start a spinning mill for making yarn out of paper.

## MURDER SUSPECTS ARRESTED

May Be Charged With  
Murder of Miss Anna  
Lloyd

## OFFICIALS ARE ACTIVE

Crime May Have Been Committed  
by Degenerate Implicated in  
Others of Like Nature.

Cincinnati, O., Jan. 3.—The murder of Miss Anna Lloyd, secretary of the Wiborg-Hanna Lumber company, Fairmount, who on New Year's morning was found near the place she had worked for 17 years, has stirred the police to great activity. The arrest of two white men and a negro has so far resulted from their efforts. The white men held are Henry Cook, 34, a butcher, and George Lewis, 21, who claims Cleveland as his home. The negro is James Field, 21. All three are held on suspicion. Lewis was arrested in Wyoming, a suburb, and could give but a vague account of his movements for several days.

An energetic search was prosecuted all of yesterday by a detail of detectives with but small success.

Detectives Crim, Kuhfers, Bell and Schaefer found tracks beneath a shallow fording in Millcreek near the scene of the crime, which, it is believed, were made by the murderer when he stopped in his flight long enough to wash the telltale stains of the girl's lifeblood from his hands. The spot was near the Hopple-street bridge, a few hundred feet from the place where the woman's life was taken by the fiend. The footprints in the bottom of the creek were plainly marked, and showed that he had stopped and turned in several directions, feeling in the darkness for water deep enough to wash his hands.

The superintendent of Herbert's brick yard, which is one block north of Hopple street and two blocks north of the scene of the murder, came to the City Hall yesterday with the story of a suspicious looking man who he noticed skulking about in the brick yard about 8 o'clock Friday. The superintendent requested that his name be not mentioned, and his story of the affair of Friday morning follows:

"I was feeding some of the stock in the place when I met a man weighing about 150 pounds, short of stature, broad of shoulders and so swartly as to resemble a negro. He wore a coarse, black muffer around his neck, such as sailors wear. At the same time his features were not those of an African, although his nose was the most peculiarly shaped I have ever seen. It was thick, and the nostrils were enormously wide. This one feature alone compelled my attention so much that I forgot to order the man away, as is my usual custom with the tramps that infest the neighborhood. This man was one whose face could never be forgotten in a life time. I know every one in the vicinity, but I had never seen this fellow before. He wore a pair of overalls that resembled a coarse grade of shawl, being a dirty tan. He looked at me and I looked at him for a space of time, neither of us saying a word.

"Then he turned on his heel and walked away in the direction of the lumber yard. I watched him until he disappeared out of sight. That fellow's appearance was in my mind all day. I never saw a degenerate he was one. His lips were not heavy like a negro's, but his hair seemed to curl around his head. He had a week's growth of black beard on his face and a short, bristly mustache of thick black hair. The man was something frightful to look at, and although I'm no coward, I'd rather not have my name mentioned in this.

The superintendent was told that his wish would be respected in this matter and he seemed to be relieved. He asked for the office of Detective Chief Crawford, and the detectives and repeated his story, enjoining them not to use his name.

The story filtered through the neighborhood of North Fairmount with startling rapidity, and women will not go out after dark unaccompanied. It is popularly believed in the vicinity that the murderer of Alma Stenegowez, Mary McDonald and Lulu Mueller is one and the same with the slayer of Miss Lloyd. Miss Nellie Horne and Miss Webb have given notice of their resignation as stenographers in the office where Miss Lloyd was employed.

It is pointed out by the Fairmount residents that the Stenegowez, Mueller and McDonald murders, and the Gilman crime in Dayton, Ohio, as well as the latest murder, were all committed after the close of the day, and when the night had just fallen. The police are looking for the peculiar-looking individual the brick-yard superintendent has told of seeing.

As is not unusual in cases of the kind, many improbable and wild theories are coming up, one of them being that Miss Lloyd had incurred the enmity of several of the employees about the place when she had them discharged. The

murder of Miss Anna Lloyd, secretary of the Wiborg-Hanna Lumber company, Fairmount, who on New Year's morning was found near the place she had worked for 17 years, has stirred the police to great activity. The arrest of two white men and a negro has so far resulted from their efforts. The white men held are Henry Cook, 34, a butcher, and George Lewis, 21, who claims Cleveland as his home. The negro is James Field, 21. All three are held on suspicion. Lewis was arrested in Wyoming, a suburb, and could give but a vague account of his movements for several days.

An energetic search was prosecuted all of yesterday by a detail of detectives with but small success.

Detectives Crim, Kuhfers, Bell and Schaefer found tracks beneath a shallow fording in Millcreek near the scene of the crime, which, it is believed, were made by the murderer when he stopped in his flight long enough to wash the telltale stains of the girl's lifeblood from his hands. The spot was near the Hopple-street bridge, a few hundred feet from the place where the woman's life was taken by the fiend. The footprints in the bottom of the creek were plainly marked, and showed that he had stopped and turned in several directions, feeling in the darkness for water deep enough to wash his hands.

The superintendent of Herbert's brick yard, which is one block north of Hopple street and two blocks north of the scene of the murder, came to the City Hall yesterday with the story of a suspicious looking man who he noticed skulking about in the brick yard about 8 o'clock Friday. ## BANKER C. W. MORSE, HIS WIFE AND PRISON WHERE HE IS CONFINED

Atlanta, Jan. 3.—Charles W. Morse, once characterized as the "Wizard of Finance," and Steamboat King of America, is this afternoon a federal convict in a cell in the federal prison here. He arrived from New York today in charge of two New York deputy marshals, and at once began the service of the 15 year sentence imposed on him for his part in manipulating the funds of the National Bank of North America. Morse bore up well and stated that he had nothing to add to his statement given out in leaving New York yesterday when he characterized himself as a victim of public outcry.

Morse may be given clerical work, but the nature of his task will depend on his physical examination. Mrs. Morse is expected to arrive here tomorrow, and will stay in Atlanta for a time.

## ANOTHER NEW BUSINESS BLOCK MAY BE BUILT

Newark is to have another handsome business block, according to a report that is being circulated on the streets, and the building is one that will not only reflect credit on the firm, Meyer and Lindorf, but upon the business section and the city in general.

The firm, which is one of the most progressive in the city, has been engaged in the dry goods business in Newark for years, and as a result of their square dealing they have built up a business that is rapidly expanding beyond their present quarters.

They are having plans drawn by a well known firm of architects who have been responsible for many of the handsome buildings of the city and when the plans are finished they will provide for a store that is not only handsome from the exterior, but modern in every way in the interior.

It is said the plans have been under way for some time past, but they have not been completed and approved. The store will probably be built at the junction of North Second street and North Park Place and the frontage will be from Second street to the Park National bank. The store will have great depth and will be about three stories in height.

According to the report the front of the building and the second street side will practically be constructed of glass and it will in truth be a "daylight store."

The firm controls a store in Mt. Vernon, which is housed in a handsome building, and they also control a store in Iowa.

It is probable that work will be started on the building some time this coming spring or summer so that the new home will be ready for the business of next winter.

## BABE SCALDED TO DEATH.

Youngstown, Jan. 3.—Phillip Felice, aged 2 years, son of Mrs. Frank Felice, died yesterday of burns received when he fell into a bucket of scalding water.

## WHAT IS IT?

What explorer?  
Answer to Saturday's puzzle—New Year.

Columbus, Jan. 3.—Representative Frederick Mcitz of Cleveland, will introduce a bill in the legislature to make kidnapping in Ohio punishable by electrocution or life imprisonment.

The experience of Billy Whittia aroused a fear for the safety of his own little girl and that a similar fate might befall her. At present the limit of punishment for kidnapping is only 20 years, and many men are serving that long for less serious crimes.

## WILL ASK FOR \$10,000 FOR PROBING PULP

Columbus, O., Jan. 3.—The game of politics that will center in the legislature about Governor Harmon's investigation of state officers under the present administration began today with the announcement that Attorney General Benjamin had asked Chairman Hitter of the House finance committee to give him an appropriation of \$10,000 to cover the expense of a long and dilated investigation.

## SLIGHTLY BURNED IN AN EXPLOSION OF PICTURE FILMS

The explosion of a roll of moving picture film at the Auditorium theatre Sunday night slightly burned House Electrician Richard Thompson, who was operating the machine. The audience, seeing that there was little danger, did not lose their seats and there was nothing resembling a panic.

The fire was caused by a piece of burning insulation from an overhead wire dropping into a can in which the film was being reeled. Instantly the film caught fire and in forcing some of the film into the can Mr. Thompson's hand was burned.

Manager Harris grabbed a fire extinguisher and turned it over to Chief Bausch of the fire department, who was in the theatre, and the blaze was extinguished. It would be impossible for a fire to spread from a cause of this sort for the machine and film are enclosed in a sheet iron case and a blaze could not spread to the rest of the theatre.

## WRECK

Caused by Eighteen-Year-Old Boy,  
Whose Motive Was to Rob  
Train's Passengers.

Union City, Ind., Jan. 3.—Vernon Pfeiffer, an 18-year-old boy, of Anderson, Ind., is under arrest here charged with throwing the switch which caused the wreck of the Knickerbocker special on the Big Four railroad near Dawn, Ohio, Saturday night. That the boy desired to rob the passengers in order to get money enough to go to a seaport town and there join the U. S. navy is the contention of the police.

The boy tells a story of removing the switch lock and switch light and of throwing the switch when the train approached. The rock was found where the boy said he threw it. Engineer Myers and Fireman Eisel, who were injured, are reported today to have but slight chance for recovery.

The boy will be taken to Greenville, O., late today and lodged in jail.

The law is somewhat conflicting on the matter, the Revised Statutes give one opinion and the Municipal Code another. Section 1740 of the Revised Statutes says in brief: "An officer has to take an oath to qualify for office, and if he fails to do so, he is declared the office vacant of any elected or appointed to office, and he is to take the oath." Section 1741 of the Revised Statutes says: "Citizens must take oath of office."

The conflict of the laws arise from the fact that under the Municipal Code says: "The council shall serve two years, their successors are elected by ballot."

Another paragraph in the Code, section 120, says: "Whenever the office of any officer shall become vacant by expiration of term."

The Advocate called home over the phone where Mrs. Courtney was, while she refused to volunteer the information that had been heard from her man.

## JOS. KUSTER, JR. IS APPOINTED SUPERINTENDENT

Jos. S. Kuster, Jr., Monday morning was appointed superintendent of the city municipal water works and supervisor of the municipal electric light plant by the Board of Control.

Mr. Kuster's bond was fixed at \$500, which was immediately given and accepted and he is now in charge of both plants. The position will hold good during the present city administration, or until Jan. 1, 1912.

Mr. Kuster has served two different terms in the city council and is well versed in public utilities. He has given close attention to the study of municipal ownership and is well versed in this difficult problem. Mr. Kuster for the past two years while a member of council and while acting as president of that body, after the resignation of Harry Russell, conducted a number of investigations into the water and lighting systems of the city and is probably one of the best posted men in Newark on the subjects.

In an interview with an Advocate representative Monday morning Superintendent Kuster stated that he had appointed several experienced men to take over the entire electric lighting system of the city, repair the lamps and place them in excellent condition and then keep them in that shape. Mr. Kuster stated that there had not been such harmony among the employees of the plant which is so essential for its good operation but that under the new regime it would all be obliterated.

Mr. Kuster also has a number of other reforms in view which he will inaugurate in the near future which he thinks will tend to the efficiency of both departments. He has many friends over the city who wish him every success in his new official duties.

## MODISTE HAS FIRE LOSS.

Youngstown, Jan. 3.—Fire last night completely gutted the Walter Campbell residence, occupied by Miss Myrtle Bowman, modiste and importer for ultra fashionable women of the city. The house was damaged to the amount of \$5,000 and the loss on the stock is \$5,000.

Bellefontaine, Jan. 3.—It is said that Engineer John Myers and Special William Eisele, injured in a wreck at Dawn, cannot live.

## ARE AFTER WAGE R

Boston, Jan. 3.—Taking a schedule of hours and wages granted will result in a ten percent increase in wages, representatives of conductors and trainmen with officials of the New England railroad at the annual meeting of the railroad will ask for a wage increase.

## CARROLL'S Special Clearance Sale Commences

## MANY IMPROVEMENTS FOR BEAUTIFUL BUCKEYE LAKE

**Manager Will D. Harris Given Ten Years Extension of Lease—Will Build Hippodrome, Extend Sea Wall and Beautify Park Grounds.**

The expenditure of \$28,000, most of it this year—the new year of 1916—is to make beautiful Buckeye Lake park the most attractive summering place in the middle west. "The Atlantic City of Central Ohio" is destined to become the "Newport of the Central States."

An extension of ten years to the lease of Mr. Will D. Harris, the present lessee-manager, has just been effected with the Sheep-Morgan syndicate's representative, and this well known amusement manager will continue to have control of the popular lake resort for the next ten years. The close of the extended lease contract was brought about between Mr. Harris and Vice President Dana L. Stevens and Secretary-Treasurer F. A. Healy, of the Ohio Electric Railway company, in Cincinnati.

The new contract now effective permits of extensive improvements, the greater number of which will be started during the coming season, according to the plans of the management.

Mr. B. J. Jones, the new general manager of the local division of the road, and Mr. Fred Moore, will probably arrange a new schedule which will operate all cars around directly to Buckeye Lake park without the change at Hebron. The great advantage to Newark and Columbus passengers for Buckeye Lake in such a change of schedule is apparent.

Mr. Jones but recently took charge of this division of the road, and in speaking of him today Mr. Harris said: "If you don't know Mr. Jones the best way to get acquainted with him is to look into his record in the railroad business. He is a most efficient railroad man, and has in view some splendid changes for the betterment of the local division of the road. Mr. Jones has been in the service of the Sheep-Morgan syndicate in Philadelphia and Cincinnati."

The new division general manager has charge of the lines from Zanesville to Dayton and north to Bellefontaine, including all city lines within that territory.

It is the intention of the park management and the officials of the road to operate more directly in conjunction and harmony, thus to establish even a more prominent position in public favor.

Of the \$28,000 to be expended in improvements at the resort, only a brief and partial list are announced at present, but from this program of improvements, it can be readily seen that the resort is to be developed to a place of importance that cannot be gained by any other Ohio resort owing to the delightful natural conditions with which Buckeye Lake park is equipped.

The new contract of lease gives the park management the right of the ticket and freight office within the track loop, and likewise full charge of the loading and unloading of passengers, within the loop. Information booths are to be constructed at the gates where clerks will furnish instructions and information desired by park patrons.

A long, covered depot, providing shelter for passengers from the time of unloading at the entrance to the hotel Harris for the entire distance to the boat landing of the "cross-water line," is to be one of the first improvements. This covered way will be in harmony, architecturally, with the general structural style of the hotel, but will be so constructed as to offer perfect shelter for unloading passengers. An elaborate electric sign bearing the name of the park and supporting high on lance pillars, will mark the main entrance gate.

The loop, in front of the main entrance gate, is to be attractively made over into a beautiful flower garden, where choice blooms and select floral designs will be well cared for and kept in place the year.

Much more attention is to be given to electrical displays at the resort this coming season and seasons than ever before in its history. The lighting and electric wiring is to be extended and increased with the idea of harmony and artistic beauty.

The first floor of Hotel Harris, which was heretofore an open promenade, is to be enclosed and remodelled into a delightful summer garden and dining hall, where the most modern service is being planned for, while the old building lately used for that purpose will probably be removed to another part of the grounds or razed.

The dancing pavilion is to be extended to the very water's edge and a suitably constructed dance floor will be one of the features. The old ditch, or "barrow-whip," which filled with water in damp seasons, has beneath the present dance pavilion floor and the lamp-post arising in the floor becoming a water wheel. This is to be covered by the construction of a double "set" in the lake, with a large area of air space between the two sections and also what is known as a spring floor—a feature that is becoming the rage in eastern resorts during the past two seasons.

Several hundreds of dollars are to be expended in extending the lake wall which was begun a few seasons ago under the Harris management. This wall is to be carried for the full length

of the park grounds along the water's edge, thus strengthening the bank and protecting the lake and other private property from the danger of weakening banks. The wall is of concrete and thoroughly substantial.

The docks at the park are to be extended and enlarged at an expenditure of a large sum of money. These docks at present are far too inadequate to accommodate the steadily increasing number of corporation and private craft. With the extension and improvement proposed there will be ample room for docking all private launches that may wish to tie up at one time.

One important feature which is new to the park, will be the new supply of chemically pure drinking water. Within a short distance of the "Figure Eight" there has been drilled a gusher, spouting well of ice cold water of rare purity coming from a depth of 285 feet below the surface. The water from this well is already being piped to different parts of the park grounds, where it may be drunk from individual drinking cups.

Hygienically the new well has proven a boon to park residents and summerers, for the water used for drinking purposes at the park, unless spring water shipped in, was from the wells which became flooded with surface water during high water periods at the park. With the new well this will be impossible.

But all of these improvements mentioned are merely minor matters. The most costly improvement of all will be an immense amphitheater, or hippodrome, the construction of which is to be begun this season. The exact cost of the amphitheater cannot be given, nor even an estimate, because the full plans have not yet been settled upon. However, enough has been definitely decided that the management states a few figures. First, the seating capacity will be 2,000. The stage will be built as an ordinary stage except that the performance will take place on a wide, deep, veranda-like platform with an overhead covering, and will be witnessed from the tiers of semi-circularly arranged seats over which there will also extend a canopy. The scenery, or central space between the stage and the spectators' seats, will be open and free from overhead covering.

This new and costly hippodrome will be devoted exclusively to the biggest class of amusements at reasonable prices. Big vaudeville features, animal acts, spectacular events, and other conventions may hold forth in the amphitheater with the utmost satisfaction to performers and patrons if the present ideas of the management are carried out. It is impossible to prophesy the date of completion of the hippodrome.

Aside from the expenditures on the part of the park management, many other improvements are under way. There are many new cottages springing up at the residence hill, and of the 191 cottages remaining there over half have been sold and on most of these are to be built cottages this year, not a single one to be erected at a cost of less than \$1,000.

Taken altogether, it is safe to predict that the ten years of extended time on the lease of the present management, is to mean much to those many Central Ohio people who have long hoped for the development of this promising and naturally beautiful and inviting resort.

Already many workmen have been engaged and put to their task of preparing the park for the early opening of what promises to be one of its most profitable seasons.

**HEED THE WARNING !**  
Backache is the Signal That Kidney Diseases are Nigh

Who doesn't dread the advanced stages of kidney troubles—Bright's disease, diabetes, dropsy and gravel?

But today, throughout America, there are tens of thousands suffering the torments of hopeless agony just because they failed to heed the first signal, the certain warning of future misery—backache.

Backache means that your kidneys are weak; they may have become inflamed from cold or injury, but in all probability they are stuffed up, clogged with impurities from the blood, for you know, of course, that the blood passes through the kidneys every few minutes, and that the kidneys strain the blood of its impurities, which pass out through the urine.

Stop kidney diseases at the start, that's the easiest way, and Thompson's Barosma is the surest remedy. W. A. Erman & Son sells it, and are willing to guarantee it to stop backache, sideache, and sharp shooting pains, and to cure Bright's disease, and end all kidney, liver and bladder trouble, or money back.

It is a great maker of pure blood, and a builder of flesh, because it promptly cleans the kidneys, and puts them in such perfect condition that the impurities are thoroughly strained from the blood as it passes through, and are promptly eliminated with the urine. Thompson's Barosma is only 50 cents and \$1.00 a bottle.

All can be suspended in fancy boxes and suspenders, Arm Bands and Rose Supporters in sets, reduced in price at EMERSON'S, Cor. Third and Main.

At the residence of Mr. Wide Converse and his sister, Mrs. George Follett, Madison avenue, Columbus, at 4 o'clock Sunday afternoon, Rev. Dr. S. S. Palmer officiated at the christening of the twin babies of Dr. and Mrs. Samuel Torrey Oton. The little boy was named Samuel Torrey Oton and the little girl was named Sarah Patterson Oton. Mrs. Oton is the daughter of Mrs. Follett. Besides members of the family, those present were Mrs. Oliver Patterson Watts and Mrs. Edward Oton. Jr. When Mrs. Oton was Miss Mary Follett she was a student at Shadyside college, Greenville. She is kin of the Follett families in both Greenville and Newark.

A family reunion was held at the home of Mr. G. P. Hill in Columbus, Christmas Day. All of the children, grandchildren and great-grandchildren enjoyed the hospitality of the parents. Cards, music, etc., were indulged in during the day. In the party were B. A. Oatman, son Harold and daughter Louise of this city.

Mr. and Mrs. S. B. Johnson of Kibler avenue will entertain several friends informally tonight, honoring their guest, Miss Jessie Gilmore of Coshocton.

Miss Martha Armstrong of 163 Jefferson street entertained her Sunday school class of the German Lutheran church with a doll party on New Year's day. The rooms were prettily decorated with Christmas bells, holly and mistletoe and the affair was a brilliant one, as every girl brought with her a beautifully dressed doll.

All enjoyed the music and singing which was indulged in during the afternoon which came to a close after a delicious luncheon and shower of postal cards was given.

## FOR WOMAN'S EYE

Mrs. Emma D. Moore of Seventh street very pleasantly entertained the ladies of her Bible classes on Friday evening.

There were present in addition to the regular members, Rev. R. E. Vernon, Mr. Ray Evans, Miss Nora Evans, Mrs. O. C. McCallan, Miss Elizabeth Watkins, Mrs. Eva Bloomer, Mrs. Harriet Wilson of New York and Miss Maggie Stewart.

The Excelsior boys club of Holy Trinity Evangelical Lutheran church, held a delightful meeting at the home of Earl Stauffer December 22. After the regular order of business had gone through with an excellent literary program was rendered, consisting of current news by Rev. C. C. Root, some comic readings by Ralph Smith, and a recitation of the beautiful poem "Lascia" by John McPherson.

The musical program consisting of piano solos by Miss Beatrice Stauffer and Charles Pfeiffer, a baritone and trombone duet, "Star of the Sea" by John and Ivan McPherson, and a pretty vocal duet, "What are the Waves Saying," by Misses Beatrice and Freda Stauffer.

After a dainty luncheon the guests enjoyed various games and departed agreeing that all had had an excellent time.

Those present were Lonnie Hall, Ralph Shultz, Earl Stauffer, Harvey Trittip, John McPherson, Ivan McPherson, Leslie Parish, Nyrol Stevens, Richard Shide, Loren Smith, Charles Pfeiffer, Paul Pfeiffer, Frank Brooks, and Clyde Golf. The visitors of the club were Mr. and Mrs. A. A. Stauffer, Mr. and Mrs. Shide and Misses Beatrice, Freda and Grace Stauffer.

The Monday Talks is meeting this afternoon in the library room of the court house and the following program is being discussed:

Banbury and Coventry. Newton and George Elliot—Mrs. C. A. Perry. Book Review. Scenes from Clerical Life—Mrs. A. S. Crawford.

What We Saw at Woodstock, Blenheim and Gloucester—Mrs. William Shroeder.

English Village Life, The Inn—Mrs. Albert Rosebraugh.

There will be a called meeting of the Ladies Art Embroidery club on Wednesday, January 5 at 10 a. m. at the home of Mrs. J. P. Lamb, 219 North Fourth street. All members are kindly requested to be present as business of importance is to be transacted which demands the attention of each member.

At her home on West Locust street, Elder and Mrs. W. H. Hickman entertained New Year's night about a dozen of their friends. The social feature of the evening consisted of music and recitations and was very much enjoyed by all. Especially good was a paper prepared by Mr. R. C. Schaefer on Reminiscences of School-boy Days. Miss Kathryn Dollison of Fairmont, W. Va., who spent the holidays with her aunt, Mrs. Hickman, was the out of town guest.

A delightful event of the holiday season was the dance given on Saturday night in Assembly hall by the Phi Beta Psi society. The lights were scented by red shades and siltax was twined around them and hung in strands to the floor making a very pretty effect. Marsh's orchestra furnished inspiring music for the dancing which continued until 11:30 o'clock when an elaborate four course supper was served the merry throng in the balcony at small tables, beautifully decorated with ferns and individual candlesticks. The cozy furnished ante-room added much to the pleasures of the evening.

The dancers were: Misses Mabel Jones, Corinne Miller, Faith Rose, Annette Besuden, Ruth Wintermute, Louise Norpell, Anna Davis, Mary Nichols, Mary Follett, Anna Sprague, Leora Phillips, Mary Hillier, Pearl Mercer, Louise Jones, Hazel Althoff, Mary Louise Wales, Helen Chase, Mary Louise Rank, Ruth Hatch, Messrs. Howard Fordyce, George Hershberger, Max Norpell, Robert Hays, Howard Union, Donald Ferguson, Raymond Hohl, Verne Priest, Ray Perry, Spears, Carl Brant, Roy Wood, Ralph Priest, Adolph Colver, Sherman Jaggis, Fred Gleichauf, Carl Swisher, Arthur Schaeffer, Mr. Carlens of Columbus, Misses Gertrude Williams and Gertrude Brown and Mr. Russell Hay and Mr. Floyd Adams all of Coshocton.

**LEMERIT POST OFFICERS.**  
At a meeting of Lemerit Post No. 71 G. A. R. held on Saturday the following officers were installed by their respective officers:

Commander—Rufus Putnam.  
Senior Vice Commander—James McVeigh.  
Junior Vice Commander—William Hoffer.

Chaplain—H. D. Barr.  
Sergeant—Wm. B. Nash.  
Officer of the Day—George Chase.  
Quartermaster—J. A. Ashbrook.  
Grand Henry E. Gips.  
Officer of the Guard—Mr. Clemens.  
Adjutant—R. C. Biddle.  
Scribe—Miss Edna Smith.

**BOARD ORGANIZES.**  
The old Board of Townships Trustees met for the last time Sunday. It transacted the unfinished business of the year, after which the board adjourned sine die. The members of the new board were sworn in selected Arthur Holliday as chairman to fill the vacancy occasioned by the absence of J. B. Gaudin.

The Peerless Bohre club was entertained by Mr. and Mrs. Harry C. Diebold at their residence on South Fifth street. Prose and verse were the feature of the evening after which a

delightful lunch was served the guests and members. The first prizes were awarded Mrs. Josephine Still and Mrs. J. Kirkpatrick, second prizes Mrs. Lavinia and William Lavin.

The following guests were present: Mr. and Mrs. Arthur Priest, Mr. and Mrs. Frank Schmitt, Mrs. J. Fitzpatrick, Misses Kate Braubold and Emma Diebold. The next meeting of the club will be held at the home of Miss Louise Pieri at 36 Wilson street.

The Excelsior boys club of Holy Trinity Evangelical Lutheran church, held a delightful meeting at the home of Earl Stauffer December 22. After the regular order of business had gone through with an excellent literary program was rendered, consisting of current news by Rev. C. C. Root, some comic readings by Ralph Smith, and a recitation of the beautiful poem "Lascia" by John McPherson.

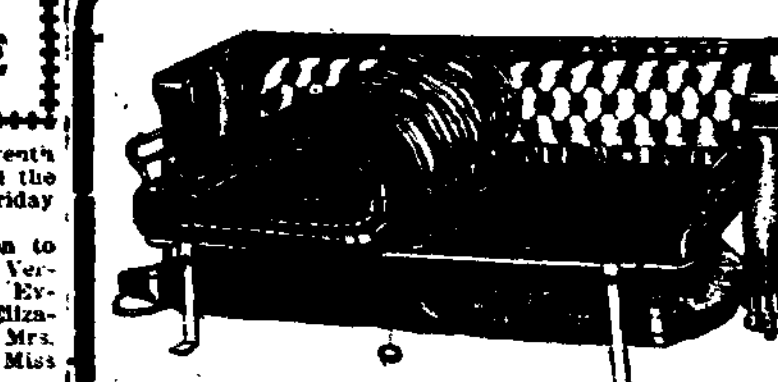

The musical program consisting of piano solos by Miss Beatrice Stauffer and Charles Pfeiffer, a baritone and trombone duet, "Star of the Sea" by John and Ivan McPherson, and a pretty vocal duet, "What are the Waves Saying," by Misses Beatrice and Freda Stauffer.

After a dainty luncheon the guests enjoyed various games and departed agreeing that all had had an excellent time.

Those present were Lonnie Hall, Ralph Shultz, Earl Stauffer, Harvey Trittip, John McPherson, Ivan McPherson, Leslie Parish, Nyrol Stevens, Richard Shide, Loren Smith, Charles Pfeiffer, Paul Pfeiffer, Frank Brooks, and Clyde Golf. The visitors of the club were Mr. and Mrs. A. A. Stauffer, Mr. and Mrs. Shide and Misses Beatrice, Freda and Grace Stauffer.

The Monday Talks is meeting this afternoon in the library room of the court house and the following program is being discussed:

## HOLLAR REUNION

In accordance with the usual cus-  
tom on January 1st of every year, re-  
latives and friends gathered at the  
home of Mr. and Mrs. Charles Fidler  
in Cherry Valley in honor of the Hol-  
lar New Year reunion. Games and  
music furnished pleasure for both old  
and young alike until the noon hour,  
when those assembled were seated at  
a bountiful turkey dinner. Upon  
turning their plates every one's gaze  
met with the compliments of Mr. and  
Mrs. Charles Fidler for a Happy New  
Year, written upon beautiful and  
appropriate New Year cards. Time  
passed rapidly and all expressed regret  
for having to depart from such a happy  
reunion.Those present were Messrs. and  
Mesdames James Hollar, William  
Hollar, J. R. Anderson, Sherman Fris-  
tote and Charles Fidler, and Mrs.  
Susan Hollar, Mrs. Ohio Hollar, Mrs.  
D. J. Hoffman and Mrs. Jane McKin-  
ney and Misses Ruth Hollar, Lucille

## AMUSEMENTS

## Cure for the Blues.

When the Keith Stock company  
opens its engagement at the Auditorium  
tonight, Newark theatre-goers  
will be agreeably surprised at 10, 20  
and 30. Mr. Keith has spared no ex-  
pense in putting together one of the  
finest stock organizations ever seen  
through this territory. He wants the  
people to feel that when they see the  
name of "Keith" they will be assured  
of something above the average, a  
guarantee of a thorough evening's  
enjoyment. "My Jim" will be the op-  
ening, a pretty story and well told.  
Advanced vaudeville between acts,  
including Joe Kelly, coon shouter;  
Helen Lessee, the toy soubrette; Mas-  
ter Rowley, champion boy dancer;  
Cato S. Keith, talkist and then some;  
Ruth Amos, a pretty girl with a  
pretty voice. Tag, you're it. Oh,  
joy! Look who's here! Lenore, the  
lady that plays like a man.

## "The Steptoon."

"The Steptoon" has but a simple  
story, but a beautiful story, told in  
a way foreign to the usual platitudes  
of plays. It reveals a land of realism  
and yet a country of surprises. There  
are unusual plays, home plays and so  
called realistic plays, but the play,  
"The Steptoon," is something new af-  
ter all. The story will live forever  
in the hearts of those who witness  
it. "The play's the thing." At the  
Auditorium theatre Monday night,  
Jan. 10, presented by an excep-  
tionally capable acting company and new,  
brilliant and complete stage settings  
for each of the four acts.Good old fashioned cakes are made  
from Mrs. Austin's Buckwheat flour.  
Now at grocers.Clergyman's Son's Testimo-  
nial of Tuberculosis CureTo neglect a cold, bronchitis, lung  
trouble or consumption is dangerous.  
We all know that many people are  
to die from these diseases. It is  
a dangerous disease, and the only  
cure is to get it right. Bright hopes  
of improvement. Cold consumption by  
its own dread name—and know that  
Eckman's Alternative cures it. It is  
effective in all cases. No one  
need doubt about it—there is plenty  
of evidence from its witnesses. In-  
vestigate the following:  
"America," N. Y., May 9, 1899.  
"Gentlemen: Please to publish in your  
issue of Jan. 1, 1900, my testi-  
mony regarding Eckman's Alternative  
cure of Tuberculosis. My physical  
condition was one of the worst. I  
was having terrible night sweats and  
coughing and raising blood and  
became so weak that walking a few  
feet exhausted me. On my return  
home my mother-in-law gave me  
this wonderful medicine. My father, who  
is a clergyman, said of Eckman's  
Alternative and induced me to take it.  
The first evening I felt better. Disap-  
pear my cough, my blood, my  
health, back to the normal. In a few  
days I developed an appetite. The first  
in months. I am now in perfect  
health. I owe my life to Eckman's  
Alternative."  
E. H. COWLEY  
Eckman's Alternative is good for  
Throat and Lung Trouble and is on sale  
at W. A. Egan & Son's drug store,  
Arcade bldg., Cor. Main and Union  
streets, and 359 E. Main st., and other  
druggists. Ask for Booklet of cured  
cases, or write to Eckman Mfg. Co.,  
Philadelphia, Pa.

AND WAS A GOOD ONE.

Gov. Harmon's Christmas turkey  
came from the wilds of Licking coun-  
ty and is said to have been a semi-  
wild bird that was fattened on the  
wholesome brands of Democratic por-  
ridge that exist down there. —Holmes  
County Farmer.TAFT TO STOP  
FOOD CORNERS.**President Opposed to Gambling  
in Farm Products.****USE OF MAILS WILL BE DENIED**Other Legislation to End the Evil Con-  
templated—Possible Investigation of  
High Prices—Washington Settles  
Polar Controversy and Tells Us What  
Is the Most Popular National Air.Washington, Jan. 2.—It is welcome  
news that President Taft is almost  
certain to move against gambling in  
foodstuffs and products of the farm.  
He is already consulting with the legal  
counsel of the administration on possi-  
ble laws to prohibit this form of specu-  
lation. It is understood that a bill  
is ready for introduction to deny the  
use of the United States mails to  
gambling transactions of this charac-  
ter, and further legislation on the sub-  
ject is under consideration. The de-  
sign is to prevent future wheat corners  
like that of Patten and other forms of  
betting on the price of grain that  
make bread dear to the consumer. In  
this connection it is not impossible that  
congress may appoint a commission  
to investigate the high prices of food-  
stuffs. Such an inquiry has been dis-  
cussed ever since the meeting of con-  
gress, and while no definite step has  
been decided on, it is practically cer-  
tain that a resolution looking to that  
end will be introduced, and the state  
of public opinion may lead to its pas-  
sage. There is widespread feeling here  
against gambling in grain futures,  
and if any practical plan can be dis-  
covered by which the federal govern-  
ment can prevent or discourage the  
practice there is little doubt that it  
will be adopted.

## The Official Ending of Cook.

With the National Geographic so-  
ciety's headquarters in this city, the  
Cook-Pearry controversy has had here  
a storm center. Washington is over-  
run with scientists, from the bug ex-  
perts of the agricultural department  
to the weather sharps of the signal  
service. Willis L. Moore, the head of  
the "fair and warmer" prophets, is  
also president of the National Geo-  
graphic society, the body that will ex-  
amine the verdict of Copenhagen uni-  
versity and deliver the scientific find-  
ing for America on the polar affair.  
This it will do in deciding as to the  
inscription on the medal delivered to  
Commander Peary. It has already  
found that he "reached" the pole.  
What it is now to determine is whether  
or not he "discovered" the pole. Of  
course the nature of its decision is al-  
ready settled. It remains only to make  
the formal investigation and give out  
the result. Even though there may be  
left a few Cook partisans it is assured  
that the verdict will be more generally  
accepted than are Professor Moore's  
optimistic forecasts of inauguration  
weather.

## Telling Us What to Sing.

The librarian of congress has banded  
over another momentous decision, this  
time having to do with the north pole  
and the fearful and wonderful meteorology  
of the 4th of March, but the more  
aesthetic subject of music. In a word  
he has settled once and for all what is  
the most popular national song. It  
is not "Yankee Doodle," "The Star-  
Spangled Banner," "America" or even  
"The Girl I Left Behind Me," which  
gained such vogue in our late war with  
fever, lambard beef and Spaniards.  
The first of American songs in "patri-  
otic popularity," so says the oracle of  
the Congress, is "Dixie." Hereafter  
the yell which rise to greet  
that blundering air may be given  
with renewed fervor, having the sup-  
port of official sanction.

## "Why, I've Heard of You."

There is one form of subtle flattery  
in Washington that, while it is not  
peculiar to the Capital City, is more  
harmless there than elsewhere. It is  
used by rich and poor alike and is  
known to everybody without  
distinction as to position or previous  
condition of obscurity. In action it  
runs something like this:  
"Senator Frothingham, I want to  
present my friend Mr. Snooks."  
"What?" says the beaming sena-  
tor. "John Tinsman Snooks? I have heard  
of you before."All of which is perfectly true, as the  
senator of before said. The friend  
around had gained the senator's promi-  
sion and had called on Mr. Snooks.  
But poor Snooks does not forget it  
in this way. He suddenly sees himself  
as a more famous personage than he  
had ever supposed. His self impor-  
tance goes ten per cent above par. If  
Senator Frothingham has heard of  
him he must be a man among men.  
This sort of flattery is universal in  
Washington. Some have more insu-  
lations and artistic ways of doing it than  
others, but they are all added to the  
habit in some form. After all, it is an  
amiable kind of flattery that costs noth-  
ing and makes the other feel good.  
Besides, it may gain a vote some day.  
Who knows?

## The New Order.

One thing is certain: that party lines  
were never so faint as today. There  
is a new adjustment. It is not as yet  
entirely well defined, but is growing  
more and more so. In a general way  
it may be described as in favor of the  
Republican policies and against Cannon  
and Blatch. But it is not in any sense  
a thing hinging on personalities. It is  
more fundamental.

## BOARD OF TRADE

## MR. KELLER'S CARD.

Editors of Advocate—Dear Sirs: I  
thank you on behalf of the Board of  
County Visitors for publishing my  
annual report. The board can ac-  
complish little good, unless its recom-  
mendations can be given before the  
people, because it is usually neces-  
sary to create a public sentiment in  
favor of a measure before our offi-  
cers will act. Very truly yours,  
D. M. KELLER.IS MEETING  
WITH SUCCESSThe Ohio Auto company was incor-  
porated at Columbus Saturday with a  
capital stock of \$200,000 by R. H. Kle-  
singer, F. E. Armstrong, Kerr R.  
Hosey, Theodore A. Vatterson and R.  
L. Patterson.The business of the company will  
consist of operating a garage and an  
auto agency in Columbus, handling  
exclusively the Buick-Lewis car,  
made in Anderson, Ind.Mr. Patterson is a Newark boy and  
has been meeting with much success  
locating in the capital city. He has  
been managing a large garage and  
after a new location has been secured  
it is the intention of the company to  
install one of the most modern and  
up-to-date garages in the state.

## THE SECRET IS OUT.

The secret that Dr. Edwards' Olive  
Tablets are a successful substitute  
for Calomel is being told to millions  
of people every day.The secret of good health is good  
bowels kept in good order, and  
The secret that a sluggish, inac-  
tive liver causes Constipation should  
be known by all.When you feel nervous, irritated,  
anxious, and out of sorts, your Liver  
and Bowels are out of order.Take one or two of DR. ED-  
WARDS' OLIVE TABLETS at bed-  
time. Note how they start the Liver  
to work, and how the Bowels notice  
the poison from the system. No-  
tice how quickly and pleasantly they  
will do their work. They are the  
only laxative that does everything  
that Calomel does and leaves none  
of Calomel's bad effects. They are  
little, sugar-coated, and pleasant to  
take. All druggists sell neat 10c and  
25c packages. The Olive Tablet Co.,  
Portsmouth, O.

## Peary's Own Story of the Discovery of the North Pole

As a true patriotic American you simply must read this vivid,  
thrilling narrative of the most remarkable accomplishment of modern  
times. It is full of human interest, adventure, grit, and the lure of the  
strange North—a masterpiece among the world's great stories of adven-  
ture and discovery. Illustrated with superb pictures selected from over  
1,500 splendid photographs. Starts in

## THE NEW YEAR

we hope and trust will bring every-  
body lots of health and happiness.  
We will do our best to give you  
good, tender meats, and as we have  
been successful in years past, there  
is every reason to believe we can do  
better in years to come. We do know  
that we have now the very finest  
beef, lamb, mutton, veal, pork and  
poultry any butcher can show.

## IN THE HOME

GOWAN'S PREPARATION is absolute protection against pneumonia, colds, coughs, croup and sore throats in lungs and throat. Relieves aches by destroying inflammation and congestion. External and internal. \$1.00, 50c, 25c. All druggists.

## BOWLING

## CHALLENGE ACCEPTED.

The Brunswick bowling team of Zanesville hereby accepts the challenge issued Saturday evening through Newark papers for a six-game home-and-home match, the first three games to be rolled on the Music Hall alleys in Newark, and the second three games to be rolled on the Brunswick alleys at Zanesville. The match is rolled for any amount between \$50 and \$500. This match can be arranged at Wilson's alleys at Newark Monday evening, January 3, at 8:15 o'clock. Two representatives of the Zanesville team will be there at that time.

The Zanesville bowlers take exception to the statement that has ever been made any similar challenge on the part of the Newark bowlers heretofore. The Zanesville bowlers will be ready to make this "bluff" good at Wilson's alleys this evening at 8:15 o'clock.

(Signed) THE BRUNSWICKS.

Geo. Erannon, Capt.

All fancy and initial handkerchiefs go at 1-4 off regular price at EMERSON'S, Cor. Third and Main. 3-2t

Horace G. Knowles, recently United States Minister to Romania, Serbia and Bulgaria, is leading a movement to reintroduce sturgeon into the rivers of the Atlantic Coast.

## GRANVILLE

Granville, Jan. 1.—The initial service of the union meetings that are to be held in the various churches of the village during the coming week, was held in the Presbyterian church Sunday night. The large edifice was packed with people and a most interesting sermon was delivered by Dr. E. W. Hunt, president of Denison university. This evening the Rev. Mr. Ramsey, rector of St. Luke's Episcopal church, will preach at the Presbyterian church. Services will be held Tuesday and Wednesday evenings at the Baptist Church and Thursday and Friday evenings at the Methodist church.

Miss Marion Rome has been enjoying a visit with friends in Mt. Vernon for some days.

Miss Laura Mariow of the Girls' Industrial school, at Delaware, who has been spending the holidays at her home in Granville, has returned to her work, having had a very enjoyable visit.

Mr. and Mrs. James Hammond and little daughter, Marguerite of Palmyra, O., who have been visiting friends here during the holiday season, left for their home Monday morning.

Charles and William DeBois of Bucyrus were in town Saturday, shaking hands with old friends.

After a pleasant visit at their homes in Granville, the Misses Ruth McKibben and Helen Baldwin have returned to their work in Joliet, Ill., where they hold fine positions in the Joliet high school.

Charles Carmen, who has been attending Brown University, and who has been spending the holidays in Granville with his parents, Rev. and Mrs. Carmen, has returned to his work in the university.

Miss Lillian Williamson, a charming and accomplished young woman of Williamsport, O., who has been spending a few days here with friends returned home Monday.

Miss Mary Ferguson, principal of the High school at Maumee, O., who has been spending the holidays at the home of her parents, Mr. and Mrs. P. L. Ferguson, returned to Maumee, Sunday.

Mr. and Mrs. James Devinney of Paris, Ill., after a short visit with friends and relatives in Granville and vicinity, have returned home.

John Smith who has been suffering with blood poison in one of his feet, caused by paring a corn too close, is a little better at this writing, and it is now thought that the foot can be saved.

Henry Welsh has been quite sick the past several days with stomach trouble.

## FOR AGED PEOPLE

Old Folks Should Be Careful in Their Selection of Regulative Medicine.

With advanced age comes inactive bowel movement and sluggish liver. Nature is unable to perform her proper functions and requires assistance. Otherwise, there is constant suffering from constipation and is attendant evils. Old folks should never use physic that is harsh and irritating.

We have a safe, dependable and altogether ideal remedy that is particularly adapted to the requirements of aged people and persons of weak constitution who suffer from constipation or other bowel disorder. We are so certain that it will completely relieve these complaints and give absolute satisfaction in every particular that we offer them with a personal guarantee that they shall cost the user nothing if they fail to substantiate our claims. This remedy is called Rexall Orderlies.

Rexall Orderlies are eaten like candy. They have a soothing, healing, strengthening, tonic and regulative action upon the dry mucous lining and the relaxed muscular coat of the bowel. They produce a natural, successive contraction and relaxation of the muscular fibres of the bowel walls, generating a wave-like motion which forces their contents onward and outward; thus stimulating nature in perfect bowel movement. They tone up and strengthen the nerves and muscles and restore the bowels and associated organs to more vigorous and healthy activity. They may be taken at any time without inconvenience; do not cause any griping, nausea, diarrhoea, excessive looseness, flatulence or other disagreeable effect. Try Rexall Orderlies on your guarantee: 36 tablets 25 cents, and 12 tablets 10 cents. Remember you can obtain Rexall Remedies in Newark only at our store.—The Rexall Store. Hall's Drug Store, 10 North Side square.

Men's, Boys' and Children's Suits, Overcoats and Reefers reduced in price for the next ten days at EMERSON'S, Cor. Third and Main. 3-2t

TRADE MORAL—The merchant who is trying to do business without advertising is winking at Dame Fortune through blue spectacles. He knows he's winking, but she doesn't. This paper is a good advertising medium.

For a mild, easy action of the bowels, a single dose of Doan's Regulator is enough. Treatment cures habitual constipation. 25 cents a box. Ask your druggist for them.

## FOOD FOR A YEAR

But some people eat and eat and grow thinner. This means a defective digestion and unsuitable food. A large size bottle of

Scott's Emulsion equals in nourishing properties ten pounds of meat. Your Physician can tell you how it does it.

FOR SALE BY ALL DRUGGISTS

Read this, name of power and this, for our beautiful Emulsion and Scott's Emulsion. Each bottle contains a Good Luck Penny.

SCOTT & BOWNE, 689 Third St., New York

RAILWAY AFFAIRS

All local trains on the B. & O. were abandoned Saturday.

A Chicago boy, four years old, was awarded \$25,000 damages for the loss of his leg, cut off by a trolley car. This was a large Christmas present, but nobody would be willing to get it at the price. Jurors are recognizing that awards like these bring care in traction for management for legs that have not been cut off.

It is reported that all the railroads of the United States made total earnings of \$38,688,812 for month of November. This is an increase of over 10 per cent over the earnings in November last year.

Railway Casualties.

The number of railway accidents during the year ending June 30, 1925, was 66,711, or 2,701 killed, and 63,290 injured. This is a decrease in the total number of 6042, or 973 killed and 5089 injured as compared with the number reported in the previous year. Even the reduced figures do not speak very well for the safety of our railroads.

Returned to Industrial School.

Shortly after noon Monday a telephone message was received at the patrol station from Strawn Bros., commission merchants on South Second street, requesting the presence of an officer at once. Officer C. O. Burke responded and hurried to the Strawn place of business, where he was informed that the till in the rear part of the store had been tapped and \$40 carried away. The officer questioned Mr. Strawn as to had been about the place, and learned that Fritz Korzenborn, a young lad who is under a suspended sentence to the Boys' Industrial School, was in the habit of looting about the place. The officer soon located the Korzenborn boy, who at once admitted taking the money. He then took the officer to a barn, and unlocking a small drawer, took from it the missing money, which he handed to the officer. The boy was at once taken before Judge Brister, and on a hearing of the case the court ordered the boy taken to the Boys' Industrial School.

New Constable.

Fred Ross, who was elected constable at the election last fall, is now doing duty in Squire Horton's court, having been sworn in Saturday.

Justice Horton's Court.

The cases of the State of Ohio vs. Nellie Wethers and Art Meehling, charged with illegally fishing in the waters of Buckeye Lake, have been dismissed by Justice Horton.

The case of Ohio vs. George C. Gerner, charged with selling oleomargarine for butter, has been continued in Squire Horton's court until Friday at 1 o'clock.

Case Continued.

The case of Ohio vs. Adam Bera, Josef Bera and Gleigore Ritvol, charged with assault, has been continued until Thursday morning at 9 o'clock.

Real Estate Transfers.

James Pierpoint, administrator of the estate of Bertha S. Hughes, deceased, to William S. Hughes, lots 310, 311 and 312 in Utica, \$1300.

Louisa Jeffries Georgeotti and husband to Theodosia Foster, lot 2724 in A. H. Heisey's addition to Newark, \$1 and other considerations.

Edward Keagy and wife to Samuel A. Gardner, lot 3368 in Woodside Addition to Newark, \$1 and other considerations.

George Iden and Samanthus Iden to Alice McVeigh Major, real estate in Newark, \$1 and other considerations.

Eliza A. Moran and Joseph S. Moran to Hiram A. McClurg and Sarah J. McClurg, lot 4684 in Newark, \$1150.

The Newark Real Estate and Improvement Co. to Mary L. Appligate, lot 5014 in the Newark Real Estate and Improvement Company's Second Addition to Newark, \$2000.

Rheumatism Prescription.

One That Does Cure or Money Back. Says Evans' Drug Store.

Rheuma: that's the name of the scientific prescription that is putting old Rheumatism out of business the country over.

Rheuma cures by driving the uric acid from the blood. It also acts directly on the kidneys and is better for the kidneys than most so-called kidney cures.

After the rheumatic poisons are driven from the body, the stomach grows strong; the blood becomes rich and red, and a general feeling of perfect health prevails.

B. D. Smith, of Elmira, N. Y., took Rheuma, and this is what he writes: "I was a sufferer from rheumatism for years. Since using Rheuma I have been entirely free from all aches and pains. Rheuma is certainly the stuff for Rheumatism."

Evans' Drug Store sells and guarantees Rheuma. The price is only 50c. a bottle, and no rheumatic sufferer can afford to not use it. Mail orders filled by Rheuma Co., 1600 West Ave., Buffalo, N. Y.

Ask your grocer for Huber's Home Made Bread.

the arrest he was the marshal of St. Louisville and found the plaintiff in an intoxicated condition, using loud and angry talk and disturbing the peace; that he pleaded guilty to the charge and was fined by Mayor Dush.

Suit for Divorce.

Ide M. Donaldson has filed a petition in the common pleas court, in which she asks for a decree of divorce from Wm. H. Donaldson. The parties were married in 1899, and one son was born of the marriage.

Plaintiff asks that defendant be enjoined from disposing of any of his property for the purpose of depriving her of the benefit of it, and also asks for reasonable alimony on the final hearing of the case. Kibler & Montgomery, attorneys for plaintiff.

Transcripts Filed.

A transcript from the criminal docket of Mayor Atherton in the case of Ohio vs. John Miller, charged with making an assault on Fred Martindale with intent to rob, has been filed with the clerk of the court.

A transcript from the mayor's criminal docket in the case of Ohio vs. Charles Baker, charged with carrying concealed weapons, has been filed with the clerk of the court.

Returned to Industrial School.

Shortly after noon Monday a telephone message was received at the patrol station from Strawn Bros., commission merchants on South Second street, requesting the presence of an officer at once. Officer C. O. Burke responded and hurried to the Strawn place of business, where he was informed that the till in the rear part of the store had been tapped and \$40 carried away. The officer questioned Mr. Strawn as to had been about the place, and learned that Fritz Korzenborn, a young lad who is under a suspended sentence to the Boys' Industrial School, was in the habit of looting about the place. The officer soon located the Korzenborn boy, who at once admitted taking the money. He then took the officer to a barn, and unlocking a small drawer, took from it the missing money, which he handed to the officer. The boy was at once taken before Judge Brister, and on a hearing of the case the court ordered the boy taken to the Boys' Industrial School.

New Constable.

Fred Ross, who was elected constable at the election last fall, is now doing duty in Squire Horton's court, having been sworn in Saturday.

Justice Horton's Court.

The cases of the State of Ohio vs. Nellie Wethers and Art Meehling, charged with illegally fishing in the waters of Buckeye Lake, have been dismissed by Justice Horton.

The case of Ohio vs. George C. Gerner, charged with selling oleomargarine for butter, has been continued in Squire Horton's court until Friday at 1 o'clock.

Case Continued.

The case of Ohio vs. Adam Bera, Josef Bera and Gleigore Ritvol, charged with assault, has been continued until Thursday morning at 9 o'clock.

Real Estate Transfers.

James Pierpoint, administrator of the estate of Bertha S. Hughes, deceased, to William S. Hughes, lots 310, 311 and 312 in Utica, \$1300.

Louisa Jeffries Georgeotti and husband to Theodosia Foster, lot 2724 in A. H. Heisey's addition to Newark, \$1 and other considerations.

### FIRST SERVICES FOR NEW CHURCH

The first services held in the new First Presbyterian church were conducted Sunday morning and evening by the Rev. F. E. Vernon in the basement of the building. It is thought the attendance of the morning will be fairly good. Services by Pastor and his wife will be held at the dedication of the building on Easter Sunday. The officers of the Sunday school were elected for the coming year, and the election resulted as follows: Superintendent—A. R. Evans, Asst. Sup't.—G. H. Long, Secretary—Carl Swisher, Asst. Sec'y.—Miss Ed. Rutter, Treasurer—Oscar McMillan, Pastor—Ruth Kasta. This is a week of prayer at the church and services will be held every evening, beginning promptly at 7:15 o'clock.

### OBITUARY

#### DR. H. M. WAGNER.

While talking with a friend who had called on him at his home, 305 South German street, Dr. H. M. Wagner, 59 years of age, was stricken with a second stroke of paralysis on Sunday afternoon, that resulted in his death at 10:15 Monday morning. Last September Dr. Wagner suffered the first stroke, and since then he has been quite ill, although able to be around the house. Later he had been quite cheerful and was in a happy frame of mind when his friend called on him yesterday. It was about 4 o'clock that he was seized with the second stroke.

The deceased, who is survived by his wife, has been a resident of Newark for about 14 years, having moved to this city from Linnville.

The funeral arrangements have not yet been made.

#### PROF. WM. ARNOLD STEVENS.

Mr. and Mrs. George F. Stevens and daughter, of Granville, left Sunday night for Rochester, N. Y., having been called there by the death of the former's brother, Prof. Wm. Arnold Stevens, D. D., LL. D., who passed away Sunday morning at 4 o'clock. An illness of some time had been on from heart trouble. The body will be brought to Granville and interment will be made there. Announcement of the funeral arrangements will be made later.

Prof. Stevens was a graduate of Denison University and was a teacher in that institution from 1862 until 1868. He filled the chair of Professor of Greek from 1868 to 1877, leaving that year for Rochester, and at the time of his death was filling one of the chairs in the Rochester Theological Seminary. He was aged 67 years and is survived by his widow, the couple being childless.

#### J. C. WHITNEY.

J. C. Whitney, a veteran of the Civil War, passed away at his home, 10 Broad avenue, at an early hour this morning of a complication of diseases which has caused his illness for the last two years.

Funeral services will be held at the late home Wednesday afternoon at 1 o'clock, standard time.

#### MRS. G. B. HENDERSON.

Mrs. Henderson, wife of Rev. Geo. B. Henderson, of Irvine, died at her home Monday morning after an extended illness. The deceased leaves a husband and five children. No funeral arrangements have as yet been made.

#### MISS MARTHA SWINEHART.

Miss Martha Swinehart, one of the oldest and best known women of Newark, died at her home on Franklin avenue, in the Franklin Terrace addition to the city, Sunday morning about 5 o'clock, after an illness of some time. The deceased was a daughter of the late Jacob and Lucinda Swinehart, pioneer residents of the city, and was in the 74th year of her age. The funeral services will be held at a home Tuesday afternoon at 1 o'clock, the services being conducted by the Rev. Mr. Hower, Interment in Cedar Hill cemetery.

The deceased for many years had made her home with her two maiden sisters, Catherine and Elizabeth Swinehart. Besides these, she is survived by one other sister, Mrs.

Thomas Bell, of Homer, and three brothers, Rufus R. of Licking township; Albert, of Texas, and Josephus, who when last heard from was in the state of Washington.

#### WILLIAM HATCH.

William Hatch, aged 83 years, who was found dead at his late home, two miles east of Appleton, Friday afternoon, was buried at 11 o'clock Sunday morning at Bennington chapel. Heart trouble caused Mr. Hatch's death. His widow survives. Mr. Hatch, who was born and brought up in Licking county, returned from Kentucky about a year ago. He is the last of his family, all of his brothers and sisters being dead.

Heavy, impure blood makes a muddy, pimply complexion, headaches, nausea, indigestion. Thin blood makes you weak, pale, sickly. Burdock Blood Bitters makes the blood rich, red, pure—restores perfect health.

EMERSON, the Clothier, Cor. Third and Main, has issued a bulletin of special prices for the next ten days. Get your Overcoat and Suit now 3-2.

### SALVATION ARMY ENTERTAINED THE LITTLE CHILDREN

The Salvation Army entertained with a Christmas tree and a real Santa Claus at their headquarters on Fourth street Friday evening and the children were given the time of their lives. As one tree would not hold all the presents, two of them were donated to the Army by Mr. Cliff L. Sturgeon. The toys were donated by Kirby and Co., and Meyer and Lindorf and the Powers-Miller company.

The meeting was opened with songs and recitations, and then Santa Claus appeared to the delighted youngsters and their equally eager parents. Besides the presents, each person present, both little ones and the grown-ups, were given sacks filled with candy, nuts and oranges.

The Sunday school scholars will have their annual prize distribution tonight and all are invited.

Men's Union Suits to close at greatly reduced prices at EMERSON'S, Cor. Third and Main. 3-2.

### COUNTRY CIRCUS ENJOYABLE AFFAIR

"A man is only a boy who is putting up a bluff," some folks say. The jolly romp of big men and small boys New Year's afternoon and night at the Y. M. C. A. certainly showed that a good many grave men of affairs have not forgotten how to play. The Country Fair and Indoor Circus was a great success as an entertainment and as a social shake-up. It was as informal and democratic as any country fair. Prominent business and professional men "barked" in vigorous fashion for the side show and menagerie; the Daily family orchestra made good music, Harry Lippincott showed his wonderful ability as a trainer of animals. In this case ponies and dogs; Physical Director Livingston showed the fine points of gymnastic work; Magician Wells, Ramsey & Kincaid and Rope Spinner Rodebaugh gave fine exhibitions, while Mr. George Hamilton was "wonderful" in several ways. It was a lot of good fun all the way through. Financially—well, the receipts will just about meet the expenses. The bad going certainly kept a thousand people at home, but the many hundreds who came began the New Year with one good time.

### CARROLL'S SPECIAL CLEARANCE SALE

Commences

**TOMORROW  
MORNING  
EVERYTHING  
IN THE STORE**

AT

**Reduced  
Prices**

Goods bought on account will be charged at regular prices.

Take advantage of the mark-down prices for the next ten days at EMERSON'S, Cor. Third and Main. 3-2.

Few married men can really afford to have Christmas presents their wives give them.

The trouble with people who can only talk on one subject is that they always do.

Treating a creditor to a drink won't liquidate the debt.

### FIRE OCCURS AT KENYON COLLEGE

Kenyon College, at Gambier, suffered the loss by flames Saturday of Hubbard Hall, built in 1855 at a cost of \$12,000, valuable reference books and works of art and records which cannot be replaced. Insurance on the building and a part of its contents is \$9000 and the loss in money is estimated at \$5000. The loss of portraits and records, among the former those of Andrew Carnegie, Bishop Beddell and Edward M. Stewart, is incalculable. The fire started in the heating plant in the basement and quickly swept the reading room on the first floor and the museum on the second floor of the 2-story building. Automatic fireproof doors proved effective in saving the annex in the rear, in which is housed the college library, worth \$50,000.
